EDUCATION

M.A. Leadership

Kairos University, South Dakota, USA
2022 – 2026

Theological Studies

Theologisches Seminar Rheinland
2003 – 2007

LANGUAGES

German · native

English · C2, fluent

SKILLS

UX maturity and function leadership

UX maturity raised at Ninox and at Datameer, with executive support secured for research · instrumental in the UX-maturity transformation across Spreadshirt's 200+ person matrix organization · UX standards and design-system governance

People and executive partnership

Senior leadership team · five direct reports including a design lead · coached a design lead through cross-functional conflict · C-level presentation across four employers

Research practice

usertesting.com screening for personas inside regulated institutions · research protocols and executive sponsorship · Dovetail as a shared insight repository · Claude across large corpora

Regulated and multi-market

Vertical ERP across six countries · HIPAA-compliant analytics · GDPR plus church data-protection law · EU accessibility compliance shipped · German native, English C2

ONGOING

Independent Consultant

Oratio&Co

2016 – Present · Remote

Collaborative leadership coaching and product-strategy consulting for mission-driven organizations.

PROFILE

I lead design functions and I still build. The last year went into AI that runs in production — a support copilot, a fundraising system I built end to end, and prototypes engineering ships from. Before that, fifteen years of enterprise B2B — raising UX maturity at Ninox and Datameer, and stakeholder work across a 200-person matrix organization at Spreadshirt.

70% / 90%

less coordination time, and acceptance at the launch customer — on the capability I argued into the platform rather than beside it

Four employers

research owned end to end at each, from regulated banks at Datameer to viewers at Bibel TV

EXPERIENCE

Head of Product Design

2025 – Present

Bibel TV (broadcaster in linear-to-streaming transformation — iOS, Android, web, connected TV) · Hamburg + Berlin, Germany

- AI support copilot, live in production — drafts viewer replies in the handbook's wording, with a restricted-topic list in the system prompt and every send decision human.
- AI fundraising ecosystem, built solo end to end — analysis, prompt architecture, prototype, then a production Claude skill for follow-up content across in-app, web and video.
- Product strategy for the platform — competitive analysis against global entrants to the German market, and a differentiation strategy built on local content.
- Design system as an API — DTCG tokens and multi-platform sync across iOS, Android, web and connected TV.

Head of Platform and Design

2024 – 2025

ChurchDesk (vertical ERP for churches and dioceses — DE / DK / UK / SE / NO / CH) · Copenhagen, Denmark · Remote from Berlin

- Product management and design at once — owned the main platform as PM alongside all product design.
- The decision I defended through the build — a client-funded project scoped as a standalone add-on, reframed into a platform capability.
- AI alt-text in production — shipped for EU accessibility compliance under GDPR plus Protestant and Catholic church data-protection law, across six countries.

Head of Product Design

2023 – 2024

Ninox Software GmbH (no-code business platform — DACH / UK / US; the company was growing) · Berlin, Germany

- UX maturity assessed with the team, not declared at it — a self-assessment with the design team, so the goals we set were ones the organization could support. Senior leadership team, five direct reports including a design lead.
- Hired two, promoted two — including the consultant who then took Head of Product. Coached the design lead through a difficult cross-functional relationship.

Product & UX Strategist

2021 – 2022

Hypoport hub SE (shared services arm of listed Hypoport SE — 100+ people) · Berlin / Lübeck, Germany · Remote

- Service-to-product transformation — partnered with the executive team to productize the service organization, turning case-by-case support into a standard catalog.
- Methodology transfer — ran design-thinking training for executive leadership and service teams.

Director of Design

2016 – 2021

Datameer GmbH (collaborative data analytics for top US / CA / UK banks and insurers) · Berlin, Germany · team across Germany and NYC

- Led the design team across Germany and NYC for five years — two UX designers reporting to me, across a six-hour time-zone gap.
- Research inside institutions that make users hard to reach — pioneered iterative usertesting.com screening to get to analysts working inside banks and insurers.

EARLIER CAREER PROGRESSION

Senior Mentor · *CareerFoundry* · 2016 – 2026 · Remote · a decade reviewing and critiquing designers' work

UX Strategy Lead · *Spreadshirt* · 2014 – 2016 · Leipzig, Germany · 200+ people

Earlier · *UX Manager, UX Designer, Web Developer* · 2009 – 2014 · Pennsylvania, USA
