

Tobias Treppmann

Lab & Workshop Facilitator — runs the room with executives, and has shipped the AI the room is about

LOCATION Berlin, Germany EMAIL hello@treppmann.design PORTFOLIO treppmann.design/for/deloitte LINKEDIN linkedin.com/in/tobiastreppmann

PROFILE

I run the rooms where leadership teams work through transformation: at Hypoport hub SE the executive team's shift to a productized service catalog was delivered through the workshops and reviews I ran with department heads. At Bibel TV I put an AI copilot into production and built a fundraising ecosystem end to end. German native, English C2.

EXPERIENCE

Head of Product Design

2025 – Present

Bibel TV (broadcaster, linear-to-streaming transformation — iOS, Android, web, connected TV) Hamburg + Berlin, Germany

- AI support copilot, live in production. Drafts viewer replies in the support handbook's own wording, with a restricted-topic list and every send decision human. Skeptics converted after their hardest case.
- AI fundraising ecosystem, built solo end to end. Performance analysis, prompt architecture, a prototype, then a production Claude skill across in-app notifications, web banners and video scripts.
- Engineering ships from my prototype code — real code against real APIs, and the engineering agency is external.
- Introduced agentic-engineering prototyping as a practice across the team.
- Design-token API and color-extraction API, both live. One source built to serve iOS, Android, web and connected TV.

AI Design Workshop Facilitator

2025 – 2026

Polish design and development agency (client) Remote, in English

- Designed and delivered workshop sessions on using AI for design and prototyping, late 2025 into January 2026, to the agency's team leads.

Head of Platform and Design

2024 – 2025

ChurchDesk (vertical ERP for churches and dioceses — DE / DK / UK / SE / NO / CH) Copenhagen, Denmark · Remote from Berlin

- Rebuilt a phone-and-email booking process into the platform. 70% less coordination time, 90% acceptance at the launch customer, then rolled out to every customer.
- Main client contact, presenting to executives and internal client teams.

Head of Product Design

2023 – 2024

Ninox Software GmbH (no-code business platform — DACH / UK / US) Berlin, Germany

- Senior Leadership Team, five direct reports including a design lead. Hired two, promoted two.
- Interim Head of Product, July–October 2023 — four more reports across a second function, at once.
- When a collaboration kept failing, I redesigned the conditions, not the person. Recorded when it worked and when it did not, then changed the defaults: agendas ahead, material in advance, turn-taking on purpose, decisions in writing.

Product & UX Strategist

2021 – 2022

Hypoport hub SE (shared services arm of listed Hypoport SE) Berlin / Lübeck, Germany · Remote

- Service-to-product transformation with the executive team, delivered through the room. Recurring workshops and reviews with department heads moved case-by-case support toward a standardized, scalable service catalog.
- Designed and delivered design-thinking training for executive leadership and service teams — Design Thinking and Co-Creation as the working methods.
- Holacracy Facilitator and Secretary, running the governance meetings where the organization edits its own structure.
- Primary stakeholder contact, presenting to executives and internal client teams.

Director of Design

2016 – 2021

Datameer GmbH (collaborative data analytics for top US / CA / UK banks and insurers) Berlin, Germany · team across Germany and NYC

- Led the UX team across Germany and New York for five years, two designers reporting to me, for a regulated client base.

EARLIER CAREER PROGRESSION

Independent Consultant · *Oratio&Co* · 2016 – Present · Remote · UX workshops for Bibel TV, executive coaching on design thinking

Senior Mentor · *CareerFoundry* · 2016 – 2026 · Remote · a decade mentoring and coaching designers; IxDF mentor 2020 – 2022

UX Strategy Lead · *Spreadshirt* · 2014 – 2016 · Leipzig, Germany · executive workshops that set direction on a twice-failed redesign

Earlier · *UX Manager, UX Designer, Web Developer* · 2009 – 2014 · Pennsylvania, USA

EDUCATION

M.A. Leadership

Kairos University, South Dakota, USA

Completed 2026

Design Kit: Facilitator's Guide (with IDEO.org)

+Acumen

2018

Holacracy Intensive Training — Facilitator & Secretary qualification

Hypoport hub SE

2021

LANGUAGES

German · native

English · C2, fluent

SKILLS

Facilitation and formats

Design-thinking training for executives and service teams · recurring workshops and reviews with department heads · Design Thinking, Co-Creation, agile · Holacracy governance meetings · a decade mentoring and coaching designers · a steady presence moderating groups through ambiguity

AI, in production

Support copilot live · fundraising ecosystem end to end (Claude Projects, Claude skills) · agentic-engineering prototyping with Claude Code · AI-assisted research synthesis

Strategy and transformation

Service-to-product transformation · product strategy and competitive analysis · product management and ownership · design systems built as APIs · strong affinity for technology and innovation, strategic thinking and operational excellence · contributed the curriculum, exercises and toolkit behind the AI workshop offering

Languages and reach

German native · English C2 · five years working in the USA · teams across Germany, New York and Copenhagen · completed graduate degree in the field of Leadership (M.A., Kairos University)
