

Tobias Treppmann

Target role: Website & Digital Experience Manager · websites and apps run as products, delivered through agencies

LOCATION Berlin, Germany EMAIL hello@treppmann.design PORTFOLIO treppmann.design/for/genesis LINKEDIN linkedin.com/in/tobiastreppmann

PROFILE

I run websites and apps the way a product is run. At Bibel TV I deliver a cross-platform redesign through external agencies: I write the tickets, sign off the solutions and check every release in production. At ChurchDesk I shipped an accessibility capability across six countries and took a booking capability from one launch customer to the whole base.

Six countries

one legal accessibility deadline met automatically on customer-hosted websites

70% / 90%

less coordination time and booking acceptance, rolled out to the whole customer base

EXPERIENCE

Head of Product Design

2025 – Present

Bibel TV (broadcaster in linear-to-streaming transformation — iOS, Android, web, connected TV) Hamburg + Berlin, Germany

- Delivery through external agencies. I write and prioritize the tickets engineering works from, hold design-side sign-off on UI and solutions, and check every release in beta and in production.
- Product manager, product owner and design lead for the app redesign across iOS, Android, web and connected TV.
- Direction set from evidence. User research, an app experience audit and competitor benchmarking against Pray.com and Hallow; new features are tested against the existing version.
- Google Analytics, Looker Studio and HubSpot, hands-on, for conversion-rate and usage analysis.
- Web prototypes in real code against production APIs — and the agency ships from that code.
- Incident management. I have run the formal incident process and worked it as a participant.

Head of Platform and Design

2024 – 2025

ChurchDesk (vertical ERP for churches and dioceses — DE / DK / UK / SE / NO / CH) Copenhagen, Denmark · Remote from Berlin

- Product management for the main platform, and all product design. Roadmap, specs, the ticket board engineering worked from, and the customer-facing contact.
- A legal deadline across six countries, met automatically. Customers host their websites on the platform; the European Accessibility Act gave them an obligation; we shipped what met it.
- Audited our own website and the sites customers build with the platform for the EU Accessibility Act. GDPR plus church data-protection law throughout.
- From launch customer to the whole customer base. Booking built into the platform calendar and form builder rather than bolted on; I sequenced the rollout to every customer, for room rentals, baptisms and weddings too.
- 70% less coordination time, 90% booking acceptance.

Head of Product Design · Interim Head of Product

2023 – 2024

Ninox Software GmbH (no-code business platform — DACH / UK / US) Berlin, Germany

- Nine reports across four disciplines. From July to October 2023 I ran Product Design and Product together; Senior Leadership Team throughout.
- Owned the design system and established joint governance with engineering; hired 2, promoted 2.

Director of Design

2016 – 2021

Datameer GmbH (collaborative data analytics for top US / CA / UK banks and insurers) Berlin, Germany

- Led the design team across Germany and New York for five years, two UX designers reporting to me.
- Research that reached analysts inside regulated banks and insurers, through iterative screening on usertesting.com.

UX Strategy Lead

2014 – 2016

Spreadshirt (international e-commerce platform — sellers and hundreds of thousands of consumers) Leipzig, Germany

- Nine-month redesign of the seller experience after two earlier attempts had failed; research and an A/B-tested prototype changed the product direction.
- Stakeholder relationships managed and harmonized across a 200+ person matrix organization.

UX Manager

2013 – 2014

HairDirect (e-commerce for products with complex customization) Lancaster, Pennsylvania, USA

- The mobile checkout that produced the company's first mobile orders.
- Mobile usage trends against national averages, turned into executive buy-in for a mobile strategy.

EARLIER CAREER PROGRESSION

Product & UX Strategist · *Hypoport hub SE* · 2021 – 2022 · Berlin / Lübeck · service-to-product transformation; ITSM with IT

Senior Mentor · *CareerFoundry* · 2016 – 2026 · remote · a decade mentoring and coaching designers
