

Tobias Treppmann

Principal Product Designer · native mobile · complex platforms · AI-native product craft

LOCATION Berlin, Germany EMAIL hello@treppmann.design PORTFOLIO treppmann.design/for/finom LINKEDIN linkedin.com/in/tobiastreppmann

PROFILE

I design core product experiences where mobile constraints, business rules and product quality meet, and lead Bibel TV's iOS and Android redesign. A redesigned entry point raised weekly starts for a live AI feature by 153% on iOS and 85% on Android. I pair hands-on craft with complex SaaS workflows, AI products and scalable systems.

153% · 85%

higher weekly AI-feature starts on iOS and Android

70% less time

coordination reduction in a reusable booking capability

EXPERIENCE

Head of Product Design

2025 – Present

Bibel TV (consumer streaming across iOS, Android, web and connected TV) Hamburg + Berlin, Germany

- Lead product design and product management for the consumer app redesign across iOS, Android, web and connected TV, from research and product direction through detailed interaction and UI specifications.
- Redesigned entry into a live AI passage feature using GA4 evidence and clearer product explanation. Weekly feature starts rose 153% on iOS and 85% on Android in four-week before-and-after averages.
- Prototype the new experience in real code against production APIs, then continue it as a native Kotlin and Jetpack Compose Android prototype to test target-device constraints. External engineering ships from the prototype code.
- Design and agentically develop “Bibel erklärt” (working title), a Conversational AI Bible Study App in development. I own product direction, UX, UI, motion and structured onboarding.
- Built one design-system source for iOS, Android, web and connected TV.
- Use ChatGPT, Gemini, Claude and Claude Code across research, prototyping, critique and documentation.

Head of Platform and Design

2024 – 2025

ChurchDesk (vertical SaaS across six European markets) Copenhagen, Denmark · Remote from Berlin

- Led product design and product management for the core platform, coordinating Product, Engineering and customer stakeholders across six markets.
- Reframed a funeral-booking request as a reusable calendar and form-builder capability for funerals, room rentals, baptisms and weddings, with multiple roles, availability rules and states.
- Reduced coordination time by 70%; booking acceptance reached 90%.
- Shipped an accessibility capability that helped customers meet new legal requirements automatically on websites built and hosted with ChurchDesk.

Head of Product Design · Interim Head of Product

2023 – 2024

Ninox Software GmbH (no-code business platform across DACH, the UK and the US) Berlin, Germany

- Senior Leadership Team member with five direct reports across product design and UX writing; hired two people, promoted two and coached the design lead.
- Led Product and Design together for four months, with three product managers and one data scientist joining the design and UX-writing team.
- Owned the Storybook and Figma Variables system and established joint governance with engineering.

Director of Design

2016 – 2021

Datameer GmbH (enterprise data analytics for regulated banks and insurers) Berlin · team across Germany and New York

- Led two UX designers across Germany and New York within a four-person design organization.
- Designed query builders, data-dense analytics and uncertainty states for users ranging from business analysts to data engineers in regulated banks and insurers.
- Built a research method for hard-to-reach analysts using iterative screening on UserTesting.com when ordinary panels could not find the right users.

UX Strategy Lead

2014 – 2016

Spreadshirt (international fashion and print-on-demand marketplace) Leipzig, Germany

- Led a nine-month seller-experience redesign after two previous attempts had failed, working in a product triad and facilitating executive alignment.
- Research with shop owners changed an automation-first direction; a mobile t-shirt designer prototype tested strongly and moved into production.

SELECTED AI PRODUCT PRACTICE

Independent work alongside employed roles.

Ninox AI onboarding

Summer 2025

Designed prompt-to-database onboarding with the CEO and technical co-founder. The generated schema renders in the real editor beside chat for direct inspection and editing.

EARLIER CAREER PROGRESSION

Product & UX Strategist · Hypoport hub SE · 2021 – 2022 · Berlin / Lübeck · productized shared services with executive stakeholders in a listed financial-services group

Independent Product Design Consultant · Oratio&Co · 2016 – Present · Remote · product strategy, UX direction and working prototypes

Senior Mentor · CareerFoundry · 2016 – 2026 · Remote · coaching and mentoring product designers

UX Manager · HairDirect · 2013 – 2014 · Pennsylvania, USA · complex consumer e-commerce and the company’s first mobile orders

Earlier · UX Designer, Web Designer & Front-End Developer · 2009 – 2013 · Pennsylvania, USA

EDUCATION

M.A. Leadership

Kairos University, South Dakota, USA

Completed 2026

LANGUAGES

German · native

English · C2, fluent

SKILLS

Native mobile and interaction design

iOS and Android product design · mobile interaction patterns and constraints · target-device prototyping · cross-platform UX · interaction design · high-fidelity UI · motion · accessibility

Complex platforms and core workflows

multi-role flows · permissions and availability rules · edge cases and dependencies · configurable SaaS · data-dense interfaces · regulated financial-services context · onboarding

AI-native product practice

conversational UX · generated output with direct manipulation · human-in-the-loop workflows · ChatGPT · Gemini · Claude · Claude Code · prototypes against real APIs

Evidence and product direction

user interviews · usability testing · GA4 and Looker Studio · problem framing · workshop facilitation · product strategy · implementation QA · cross-functional leadership

Systems and delivery

Figma · Storybook · Figma Variables · DTCG design tokens · automated quality checks · HTML · CSS · JavaScript · native German · English C2
